I. BACKGROUND

- A. The Plaintiffs filed a complaint against Defendant Puget Sound Energy, Inc. ("PSE" or "Defendant"), concurrently with this Consent Decree, alleging that PSE is liable pursuant to the Oil Pollution Act of 1990 ("OPA"), 33 U.S.C. § 2701 et seq., for a spill of approximately 429 barrels, or 18,000 gallons, of diesel fuel that occurred on or about November 3, 2006 at the Crystal Mountain Generation Station Facility, operated by PSE, in the Mount Baker-Snoqualmie National Forest in the State of Washington. The Complaint alleges that as a result of the Spill, diesel fuel flowed to the ground and groundwater, and an undetermined amount of diesel fuel entered Silver Creek and flowed towards the confluence with the White River, approximately four miles downstream.
- B. The Complaint seeks natural resource damages under Section 1002 of OPA, 33 U.S.C. § 2702, and the Washington State Water Pollution Control Act (RCW 90.48.142), for injury to, destruction of, loss of, or loss of use of, natural resources, including the reasonable costs of assessing the damages, on behalf of the U.S. Department of the Interior; the U.S. Department of Agriculture, Forest Service; the National Oceanic and Atmospheric Administration; the State of Washington; the Muckleshoot Indian Tribe; and the Puyallup Tribe of Indians.
- C. The United States, the State, and the Tribes share trusteeship of the injured natural resources and are coordinating restoration efforts.
- D. The Trustees allege that the natural resources injured by the Spill, as described in Paragraph A above, include groundwater, soils, fourteen acres of wetlands, and the riparian and aquatic resources of Silver Creek, which had five to six miles of exposure to diesel fuel contamination. The Trustees scaled the restoration necessary to address natural resources allegedly injured by the release of diesel fuel consistent with the Oil Pollution Act and its implementing regulations, 15 C.F.R. § 990, and the Washington State Compensation Table,

CONSENT DECREE (C08-___)

WAC 173-183. The Trustees have determined that the settlement contained in this consent decree will compensate the public for damages to natural resources.

- E. The Parties agree and the Court finds that settlement of this matter without further litigation is in the public interest and that the entry of this Consent Decree is the most appropriate means of resolving this matter.
- F. The Parties agree, and the Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith and will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.
- G. PSE does not admit any liability arising out of the transactions or occurrences alleged in this action and does not admit the allegations contained in the complaint or in this Consent Decree.

NOW, THEREFORE, before the taking of any testimony, without the adjudication or admission of any issue of fact or law except as provided in Section I, and with the consent of the Parties, IT IS HEREBY ADJUDGED, ORDERED, AND DECREED as follows:

II. JURISDICTION, VENUE, AND NOTICE

Venue lies in this judicial district pursuant to 28 U.S.C. §§ 1391(b) and (c), and 1395(a), because the Spill alleged in the Complaint occurred in, and PSE conducts business in, this judicial district. For purposes of this Consent Decree, or any action to enforce this Consent Decree, PSE consents to the Court's jurisdiction and venue in this judicial district.
